

PREPARE TO DO MORE
WITH THE DUETTA® 2

AFFORDABLE SEWING, EMBROIDERY, QUILTING & MORE.

Let your creativity explode with the enhanced features found in the exciting new Duetta® 2 (Innov-is 4750D) from Brother™. Duetta® 2 is a dream come true for the person who loves to do it all, and do it well. Sew, embroider, quilt — all on one affordable, easy-to-use machine.

Sewers will take garment construction to new heights with the 7-point feed dogs that smoothly and easily feed almost every material, and with the My Custom Stitch™ feature, which allows you to create personalized stitches for virtually infinite possibilities in your creative license.

Quilters will love the pivot function, which lets you easily turn fabric when the machine stops and automatically lowers the needle and raises the presser foot. Enjoy the included quilting feet that make free-motion and quilting easier than ever.

Embroiderers will delight in the large 7" x 12" workspace, one of the biggest embroidery areas available to home embroiderers! With 416 built-in embroidery designs, including 134 exclusive Disney•Pixar embroidery designs, embroiderers will virtually never run out of new and exciting things to create.

Everyone will stare in amazement at the enhanced LCD touch screen display. This touch screen display is brighter, crisper and clearer than ever, with intuitive icons that are easy-to-see and easy-to-use — which is why Brother loves to say "it's sew easy to use the new Duetta® 2!" And it is — simply touch the screen with your fingertips or the included stylus to do things like adjust machine preferences, watch tutorials, edit designs and more. It's like having the instruction manual at your fingertips!
