sparrow 15

EverSewn Sparrow 15

The EverSewn Sparrow 15 is also a mechanical model without computer control. The stitch package features 32 stitches including a buttonhole with a maximum stitch width of 5mm. The two knobs on the front of the machine and the wheel on top can be used to set thread tension or stitch length, as well as to select stitches. The manual needle threader and the thread cutter help you sew efficiently. Four presser feet (soles) come standard with the EverSewn Sparrow 15.

sparrow 20

EverSewn Sparrow 20

The EverSewn Sparrow 20 is a computerized model for ambitious sewers. The stitch package includes 80 stitches with a generous maximum stitch width of 7 mm and 15 needle positions. The practical start/stop function lets you control the stitching process without using the foot pedal. The needle position up/down function allows you to specify the needle position at end of a row of stitching – a big advantage e.g. when stitching corners. In addition, the sewing speed can be adjusted according to the fabric or the difficulty of the detail being sewn. The EverSewn Sparrow 20 includes a standard seven presser feet (soles).

sparrow 25

EverSewn Sparrow 25

The computer-controlled EverSewn Sparrow 25 is the top model in this series. It offers everything a creative sewer could need, at a very attractive price/performance ratio. The Sparrow 25 boasts 197 stitch patterns in total, including 1 alphabet, 7 buttonholes, and 1 eyelet stitch. Decorative stitches can be set up to a width of 7 mm, as desired. The memory function allows individual stitch combinations to be saved. In addition to features such as the slide speed control, start/stop function and needle stop up/down, the EverSewn Sparrow 25 also has a bright sewing light. Seven presser feet (soles) come standard with this model.
