PROFESSIONAL QUALITY IRONING

The Sensor Velocity will not spit or leak and removes wrinkles like a pro iron. Featuring new leading edge soleplate technology and a built in steam sensor that responds to user's touch when desired. That's the new V200.

A TOUCH OF GENIUS

Patented two heating element design, won't let you down. Hard Anodized Aluminum soleplate enhances glide. Scratch resistant and stronger than aluminum alone. Complete 'touch' steam control.

FEATURES

- Patented continuous steam technology
- Sensor "touch" technology
- Hard anodized aluminum soleplate
- Bypass for auto shut-off
- Magnesium internal construction
- Steam holes at the tip
- Woolmark approved

Smart. Professional. Reliable. Since 1955.
