Dingo Assembly Instructions

*Accessories not included

Dingo Cutting Table
Congratulations on the purchase of your new Dingo Cutting Table. Every effort has been taken to ensure your complete satisfaction with this custom designed product. For your convenience the Dingo Cutting Table is supplied in four ready to assemble packs.

Helpful Assembly Hints
Read the instructions carefully before starting. Check to see that all the parts are included. Work in a spacious area preferably on a carpet or soft surface. You will need a phillips head and flat head screw driver for the assembly. A cordless drill is preferable. Ensure the phillips head screwdriver fits neatly and fully engages the screw head. Failure to do this may result in screw damage. Make sure you tighten all the screws securely and tap dowels all the way in.

Warranty Information
G-day mate! We warranty our product for 1 year from date of shipment for manufacturer’s defects or shipping damage within the first 15 days. The warranty does not cover damage caused by abuse, mis-use, alteration, accident, or neglect of the product. The warranty does not cover damage caused by moving the cabinet fully loaded. Under the terms of this warranty the repair and replacement of any parts shall be at the discretion of the company or their designated representative.

Replacement Part Shipping Policy
To help protect our valuable resources, we ship all replacement parts out at the same time. This procedure lessens the use of packaging materials and fossil fuels used in transportation keeping our world for all kangaroos and the people like you a cleaner place. Please help us in this endeavor by reviewing all parts in all boxes for damage before calling or e-mailing us to report damage. We adhere to our environmental philosophy by only shipping replacement parts out 1 time for free. Future parts requests will be billed at the customer’s expense.

Cabinet Care
Your Dingo Cutting Table normally requires a minimum amount of maintenance, however the following points are worth noting:
CLEANING - To remove marks and enhance the surface, wipe over with a general purpose cleaner.
CAUTION - Do not use ammonia based cleaning agents. Do not use harsh chemicals or abrasive cleaners. The surface can be wiped with a damp cloth but should be dried quickly.

If you have missing or damaged parts please call Kangaroo Kabinets at 1-800-533-7347 or email us a: cs@kangarookabinets.com Also visit our website: www.kangarookabinets.com
