

Mini Mix & Match Quilting

by Anita Goodesign™

Since you all loved our Primitive Snowman collection we decided to create a Primitive Christmas collection! This collection has 12 different Christmas blocks with two different styles of transitional blocks that go between them. We used a regular satin stitch as a finishing stitch for the applique designs with a blanket stitch surrounding it, by using this technique you will have a cleaner edge with a beautiful blanket stitch border. We also used linen as our background fabric for a different look.

Primitive Christmas

This collection was designed to be compatible with all Anita Goodesign Mix & Match Collections.

12 blocks and 4 transition blocks in 4 sizes each (7.8", 6.8", 5.8", and 4.8").
