

The designs in this pack were created using a special embroidery technique called puff, or foam embroidery. Puff embroidery is a design that has part or all of the design set up to use foam under satin stitches. This gives the design a raised 3D effect that is sure to wow your friends and family. It is a simple process to sew using this technique. For those of you, who have never tried this before, please open the other .PDF file labeled “Puff Embroidery Instructions.pdf” to view the instructions & information for sewing these designs.

A great way to show your patriotism is to sew these designs on bucket caps as you can see in the image to the left. They can also be sewn on bags, shirts, blankets, and much more.

America's Pride (Puff)

CD052907FA

Stitches:9228
