

Miele

FOREVER BETTER
FLOOR CARE

BETTER IS CLEANER FROM FLOOR TO CEILING.

Since 1899, Miele has been dedicated to fulfilling our founding promise of 'Immer Besser' — a German phrase meaning 'Forever Better.' We deliver on this promise with our full suite of state-of-the-art home appliances, and we support your passion for a cleaner, healthier and more comfortable home with our innovative, award-winning collection of vacuum cleaners.

Whether cleaning plush carpets or polished hardwoods, handcrafted furniture or delicate upholstery, Miele's canister and upright vacuum cleaners help you care for all aspects of your home. Our advanced, technologically superior filtration systems also improve the quality of air in your home, so you and your family will breathe easier now — and for many years to come.

THE FUNDAMENTALS OF A BETTER CLEAN. ONLY BY MIELE.

OPTIMIZED CONVENIENCE

Blending intuitive controls with thoughtful design, Miele vacuums offer optimized convenience to help you clean your home easily and thoroughly. Every Miele vacuum, across each series, is built with the same durable materials, features Air Clean FilterBags™ and filters and incorporates the same powerful motor. No matter which Miele you choose, you can feel confident that you're not sacrificing quality or performance.

ADVANCED FILTRATION

The only way to really clean effectively is by capturing the microscopic dust particles that pollute the air in your home and then containing them securely until they can be hygienically disposed. Our unique 12-stage Air Clean™ filtration system retains over 99.9% of all fine particles from the air. And our Air Clean FilterBags™ let you easily dispose of debris without releasing harmful particulates and allergens back into your home, safeguarding you and your family.

LEGENDARY QUALITY

Engineered in Germany with uncompromising quality, Miele vacuum cleaners are built to withstand the rigors of everyday cleaning, year after year. Precision crafted with high-grade components, including eco-friendly plastics, every Miele vacuum cleaner undergoes prolonged endurance testing — before and after assembly — to ensure it meets our exacting standards and delivers on its promise of perfect performance, every time.

SUPERIOR PERFORMANCE

Whether picking up stubborn dirt or pet hair — from even the deepest pile carpets — Miele offers the ultimate in control and performance. Our robust Vortex Motor System™ provides powerful suction and precise adjustment — no matter the surface being cleaned. The result is a gentle, highly effective vacuum cleaner that thoroughly cares for the quality of your floors and the integrity of your fabrics.

Each appliance bearing the Miele name reflects the finest German engineering and ensures the performance you expect, the peace of mind you deserve and the energy efficiency necessary to protect the earth's natural resources. All Miele canister and full-size upright vacuum cleaners featured in this brochure are designed, engineered and manufactured in Germany.

Canister Vacuums

CANISTERS AS CONVENIENT AS THEY ARE ELEGANT.

Lightweight and versatile, Miele's collection of canister vacuum cleaners combines superior pickup power with exceptional mobility. With a range of floor tools and adaptable accessories that care for all the surfaces in your home, you'll appreciate the control that comes with a canister — and the satisfaction that comes with a neat, spotless home.

J.D. POWER AND ASSOCIATES HAS RANKED US:

**“Highest in Customer
Satisfaction with Canister
Vacuums”**

Miele received the highest numerical score for canister vacuums in the proprietary J.D. Power and Associates 2013 Vacuum Satisfaction Study(SM). Study based on 5,182 total responses measuring 10 brands and measures opinions of consumers who purchased canister vacuums during the previous 12 months. Proprietary study results are based on experiences and perceptions of consumers surveyed in February 2013. Your experiences may vary. Visit jdpower.com.

The S8 UniQ

THE S8 SERIES

THE PINNACLE OF PERFORMANCE AND CONVENIENCE

A perfect synergy of design and functionality, Miele's S8 series sets new standards in floor care. These full-size canisters combine maximum features and efficiency with outstanding cleaning results. S8 balances powerful performance with innovative conveniences – resulting in a vacuum that truly cleans. And lasts.

Miele's signature craftsmanship is evident throughout S8's elegant styling and components. Superior engineering is balanced with carefully-selected, fine quality materials such as a durable stainless steel wand and specialized ABS plastic with a hard, impact-resistant surface that leaves the canister with a brilliant, durable finish. S8's plastic components are durable, yet safe for use in your home. Miele also ensures that these components are clearly marked for easy recycling after their usable life - protecting the environment for future generations.

Other conveniences include a 33-foot operating radius and foot pedal controls for quick and effective cleaning. S8 features a silence motor that maintains a quiet environment for your family, balancing 1,200-watt powerful cleaning performance. The S8 series also features Miele's Air Clean Sealed System® that not only vacuums your floors – but also cleans the air your family breathes.

Confidence You Can Count On.

Further affirming Miele's uncompromising quality, every Miele vacuum cleaner carries a seven-year warranty on its motor and casing in addition to a one-year product warranty. With the S8 UniQ, you'll enjoy the comfort and confidence of a five-year parts and labor warranty, as well as a 10-year motor and casing warranty.

Our encapsulated Silence Motor exudes power while keeping your indoor environment exceptionally quiet during vacuuming.

S 8990 UniQ

Miele's S8 Alize features a spotlight handle and Dynamic Drive castor wheels.

THE S8 UNIQ

LIGHTING THE WAY FOR UNIQUE CLEANING.

The S8 UniQ's distinctive features place Miele at the forefront of the floor care industry. The first vacuum cleaner to offer innovations such as LED underbody lights and an illuminated parking system, vacuuming with the UniQ is a truly luxurious cleaning experience. The illuminated parking system will remain lit for 30 seconds after turning off the vacuum, to assist with easy storage in closets or other dark areas. A velvet bumper strip around the canister protects furniture in the event of accidental collision. The UniQ offers handle controls which allow users to turn the vacuum on or off, control the speed settings or switch to the automatic setting – easily adjusting the vacuum's speed perfectly for each surface in your home. Enhanced conveniences include a 3D velvet bumper strip and chrome accents for a stunning design. A perfect balance of form and function, the S8 UniQ is a vacuum that is truly unique.

THE S8 ALIZE

A PRECISION TOOL FOR COMPLETE PEACE-OF-MIND.

The S8 Alize pairs unique features with eco-consciousness. It also marks the debut of Miele's Dynamic Drive and spotlight handle. With specialized castors for gentle maneuvering over thresholds and uneven flooring surfaces, Dynamic Drive offers soft suspension for the canister. The spotlight handle provides the operator with comfort, while the durable LED light illuminates the area ahead of the floor tool or cleaning accessory to assist with locating and capturing dirt and dust. The Alize includes Miele's AirTeQ floor tool, featuring a streamlined airflow for uninterrupted floor contact. This, coupled with an automatic setting makes the S8 Alize powerful, yet efficient. Balancing precision cleaning with your well-being, the Alize exemplifies Miele's commitment to offering nontoxic materials that are not harmful to your family or to the environment.

S 8590 Alize

Engineered with a unique, highly desirable design, the S6 delivers unparalleled strength and durability for years — and superior performance on any surface.

S 6290 Jasper

THE S6 SERIES

THOUGHTFULLY CONSIDERED. BRILLIANTLY REFINED.

With the S6, Miele has engineered a brilliantly refined cleaning solution — one conceived to maximize performance and efficiency in an elegant, space-saving design. Weighing less than ten pounds, its durable, innovative skeleton construction is built to capture and securely retain more than 99.9% of dirt, dust and allergens — while its efficient, near-silent motor delivers significant noise reduction without sacrificing power. The result is a jewel of a canister vacuum cleaner: thoughtfully considered, flawlessly fashioned and timelessly desirable.

**MIELE FLOOR CARE:
POWERFULLY EFFECTIVE, POSITIVELY ECO-FRIENDLY.**

Miele's commitment to the environment is built into all of its vacuums, including lead-free exterior coatings and legendary, 20-year-tested product durability that dramatically reduces waste and disposal issues. The S6 Jasper takes efficiency to a higher level, thanks to its innovative AirTeQ floor tool with streamlined airflow for uninterrupted floor contact, ensuring superior cleaning results and minimum energy use — whatever the surface.

Miele's S6 series blends powerful performance and a compact design.

With three covered caster wheels, Miele canister vacuum cleaners pivot easily around furniture and roll over thresholds without scuffing or scratching even your most delicate floors.

THE S2 SERIES

SUPERIOR PERFORMANCE WITH EXCEPTIONAL VALUE.

Incorporating the quality and performance for which Miele vacuum cleaners are renowned, the S2 Series delivers exceptional cleaning power perfectly packaged in an agile, lightweight body. These versatile canisters gently care for all flooring in your home, from smooth, solid surfaces like tiles and hardwoods to plush rugs and deep-pile carpeting. With six distinct power settings — all clearly displayed on a front-mounted rotary dial — it's easy to vary your vacuum cleaner's suction according to the carpet pile, flooring and fabrics you're cleaning.

Heavy-Duty Vacuum Cleaners That Are Exceptionally Lightweight.

At Miele, we design our vacuums to live long, productive lives. That's why the exteriors of our vacuum cleaners are as thoughtfully designed as the interiors. All body casings are crafted from resilient, high-impact ABS plastics — the same material used in professional football helmets. This recyclable material is durable enough to endure inevitable bumps and bangs and lightweight enough to easily carry up and down the stairs of your home.

Built for remarkable longevity, all Miele vacuum cleaners feature a powerful Vortex Motor System™ that remains astonishingly quiet while vacuuming. Air is directed, and ultimately forced, through a pre-exhaust filter — purifying the air in your home.

Parquet (SBB Parquet)

Long, soft, natural bristles ensure that tile, wood and other smooth surfaces are cleaned thoroughly with extreme care.

Parquet Twister (SBB 300)

The Twister rotates 180° and is exceptionally agile when cleaning around obstacles like table or chair legs.

Turbo Comfort (STB 205)

The Turbo Comfort contains an air-driven rotating roller brush that works to loosen the dirt in the floor while collecting lint and thread. Optimal for cut-pile.

Electro Comfort (SEB 217)

This electrically-driven carpet tool with floating head and swivel neck design is ideal for low- and medium-pile carpet care.

Electro Plus (SEB 228)

With a five-level height adjustment, this tool is suitable for medium- to high-pile and plush carpeting.

Electro Premium (SEB 236)

This electrically-driven carpet tool with wide brush roll and LED light is ideal for medium - to high-pile carpeting. Features five-level height adjustment and reset button.

Classic FiberTeQ (SBD 350)

Ideal for all smooth flooring and low-pile carpeting. Easily transitions from smooth floors to carpeted surfaces with a quick click of the rocker switch.

AllTeQ Combination (SBD 285)

This tool is ideal for all smooth flooring and low-pile carpeting. A foot switch allows you to go from smooth floors to carpeted surfaces quickly.

FiberTeQ Combination (SBD 470)

Ideal for all smooth flooring and low-pile carpeting. Easily transitions from smooth floors to carpeted surfaces with a quick click of the rocker switch.

AirTeQ Combination (SBD 650)

With a well-sealed flexible hose and soft bumper strip, this exceptionally quiet tool delivers excellent dust pickup and streamlined airflow.

Upright Vacuums

EVERYTHING MIELE IN AN UPRIGHT

For those who prefer the effortless glide of an upright, Miele's upright vacuum cleaners deliver exceptional cleaning with unmatched maneuverability. And being a Miele, they feature industry-leading filtration and longevity — designed to provide superior, hygienic care for your home and family for years to come.

J.D. POWER AND ASSOCIATES HAS RANKED US:

“Highest in Customer Satisfaction with Upright Vacuums, Two Years in a Row”

Miele received the highest numerical score for upright vacuums in the proprietary J.D. Power and Associates 2012–2013 Vacuum Satisfaction Study(SM). 2013 study based on 5,182 total responses measuring 13 brands and measures opinions of consumers who purchased upright vacuums during the previous 12 months. Propriety study results are based on experiences and perceptions of consumers surveyed in February 2013. Your experiences may vary. Visit jdpower.com.

An LED headlight provides maximum visibility as you navigate under and around furnishings.

THE S7 SERIES

CUTTING-EDGE DESIGN. EDGE-TO-EDGE PERFORMANCE.

Imagine an upright that pivots easily around chair legs — and reaches right under beds, coffee tables and other low furniture. The Miele S7 Series features breakthrough SwivelNeck™ technology that lets you steer your upright with little more than a turn of your wrist or even extend it into its unique flat-to-the-floor position. So instead of having to move furniture while cleaning, you'll maneuver around and under it.

The control and responsiveness of the S7 Series is perfectly complemented by its outstanding versatility. With an independently powered, spring-loaded roller brush, these Air Clean Sealed System® vacuum cleaners are capable of lifting dirt, dust and debris from the deepest pile carpets in one swift pass and then transitioning gracefully to a smooth surface, such as a polished hardwood floor.

Creating a Fresh, Healthy Home For You and Your Pets.

Cleaning up after your cat or dog doesn't have to be a daunting task. Our canisters and uprights feature a range of accessories that help you remove pet hair, dander and dirt from stair crevices, baseboards and upholstery. And our Air Clean Sealed System® with Active Air Clean Filter — featuring active charcoal layers — neutralizes and absorbs unwanted pet odors. So you actually purify the air you breathe, while cleaning up after your favorite pet.

To maintain optimal contact, Miele's unique electrobrush follows the contours of your floor, automatically adjusting for different carpet depths and surface coverings — providing even, consistent suction and gentle cleaning.

S 7260 Cat & Dog

Miele's Universal Upright provides a convenient, effective solution for quick cleaning. For added versatility, suction can be adjusted and the upright can be converted into a handheld vacuum ideal for upholstery, stairs and other tight spaces.

Standard on the Universal Upright, the rug and floor tool is designed to care for all smooth flooring and low-pile carpeting in your home. An integrated glide feature ensures a gentle clean on even your most sensitive solid floors. And by pressing a convenient rocker footswitch, you'll transition to carpet and rugs gracefully as you move from room to room.

THE UNIVERSAL UPRIGHT

VERSATILE PERFORMANCE WITHOUT COMPROMISE.

From ceramic tiles to flagstone, cork to bamboo, Miele's Universal Upright vacuum cleaner is ideal for light, quick cleaning tasks on a wide range of smooth floor surfaces, as well as low- to medium-pile carpeting. Unlike many stick vacuum cleaners, the Universal Upright provides ample pickup power, capturing fine particulates and debris easily and efficiently.

Whether you opt for the Air Clean or certified HEPA Filter, this convenient upright makes for an excellent companion cleaner to your full-size vacuum. Its modular design lets you configure it several different ways, and its compact, lightweight body allows for easy storage in any closet or on boats, RVs or anywhere else you'll need a handy vacuum.

With the addition of an optional SEB 228 or SEB 236 electrobrush, the Universal Upright can clean medium- to high-pile carpeting, and is the ideal second vacuum.

**MULTIPLE CONFIGURATIONS.
ENDLESS CLEANING APPLICATIONS.**

With a simple press of a clip, Miele's Universal Upright can be transformed into several convenient configurations. By positioning the canister high on the suction tube, it's easy to reach under beds, coffee tables and other low furniture. By removing the tube completely, it becomes a handheld that's ideal for cleaning stair crevices, upholstery and sofa cushions. No matter how it's configured, this versatile upright remains exceptionally lightweight, so you can transport it easily between your home and your car, camper or boat.

HomeCare Series

SOLUTIONS FOR SERIOUSLY CLEAN LIVING.

For those seeking a comprehensive cleaning package, Miele's HomeCare vacuums are the perfect solution. Equipped with additional accessories and your choice of optional floor tools, HomeCare is customizable for all types of homes. Available exclusively at Miele's independent retailers.

HEMOCARE SERIES

CLEANS FLOOR TO CEILING AND EVERYTHING IN BETWEEN

Encompassing the unique features and craftsmanship of Miele's canisters and uprights, Miele's HomeCare Series offers a customized solution for those with a desire to clean their home even more thoroughly. These models are conveniently packaged with specialized tools that make cleaning hard-to-reach places easier than ever before.

The S8 and S6 HomeCare canisters come standard with combination carpet/smooth floor tools and your choice of three optional electrobrushes, giving you a truly individualized canister perfect for your specific flooring. Pre-packaged accessories include a Universal Brush – ideal for dusting around the home, and a Flexible Crevice Tool that reaches around furniture and appliances.

Miele's S2 HomeCare canister includes two standard floor tools for comprehensive cleaning. A FiberTeQ combination floor tool easily transitions from smooth floors to carpeted surfaces with a quick click of the rocker switch. The Electro Plus electrobrush features a five-level height adjustment, perfect for cleaning high pile and plush carpeting.

The S7 HomeCare upright encompasses all standard conveniences of Miele's upright series, with the addition of two extra accessories. The specialized Mattress Tool easily cleans between mattresses and bed frames with its wide, flat nozzle. The S7 HomeCare also includes a Universal Brush perfect for dust removal.

Mattress Tool (SMD 10)

Universal Brush (SUB 20)

Flexible Crevice Tool (SFD 20)

Miele's HomeCare vacuums are exclusively available at independent retailers. With many options to choose from, these experts can provide custom solutions based on the types of flooring in your home.

Filtration & Accessories

MIELE MAKES FOR A HEALTHIER HOME - AND A LIFETIME OF BETTER BREATHING.

Unlike the outdoors, your home environment is one area where you can control the quality of the air you and your family breathe. Miele's advanced filtration systems and optional accessories are designed to capture every last dust particle — on every last surface — to help keep your home immaculate and your family breathing only the cleanest, purest air possible.

FILTRATION ACCESSORIES

A FILTRATION SYSTEM THAT CAPTURES AND CONTAINS COMPLETELY.

To ensure you find a filter suitable for your home, Miele offers an array of high-quality, multilayered filter cartridges that capture dust, dander, allergens and other lung-damaging particulates known to cause adverse health conditions. When combined with our unique Air Clean FilterBags™, these hygienic filters form an advanced 12-stage Air Clean System™ that retains 99.9+% of all dust particles — as fine as 1/200th the width of a human hair.* So you know you're taking every measure to purify your air and safeguard your family.

with FilterBag™ (G/N, F/J/M, U).

With a self-locking Auto-Seal™ collar, the Air Clean FilterBag™ ensures that particulates are never released back into the air once they're captured.

Air Clean Filter.

Available on all canisters and uprights, this multi-ply filter is constructed with electrostatically charged material to retain fine particles from the air.

Active Air Clean Filter.

Perfect for pet owners, this filter combines Air Clean technology with an active charcoal cassette that neutralizes and absorbs odors.

Active HEPA Filter.

Proven to retain 99.99+% of dust particles, this HEPA Filter is ideal for allergy and asthma sufferers and only needs to be replaced approximately once a year.

*Tests conducted by Interbasic Resources (IBR), an accredited third-party laboratory.

OPTIONAL ATTACHMENTS

MIX AND MATCH ATTACHMENTS FOR COMPLETE FLOOR-TO-CEILING CARE.

For greater efficiency and precision, Miele has developed a full range of attachments that clean every corner and crevice where dust is likely to gather, while protecting your furniture, drapery, appliances and collectibles. Suitable for all Miele canister and full-size uprights, these cleaning tools attach easily to your vacuum cleaner's flexible suction hose or telescopic wand, providing you with a greater reach, a gentler touch and a more immaculate home.

A. Universal Brush. With soft bristles and a swiveling neck, this universal brush is perfect for dusting bookshelves, mantles, moldings, ceiling fans and sculptures.

B. Extra Wide Upholstery Tool. This extra wide cleaning tool makes easy and faster work of pulling stubborn pet hair, lint and dirt from upholstery and curtains.

C. Radiator Brush. Durable yet gentle, this bristled brush works its way into crevices to clean dust from radiators, vents, refrigerator coils, air conditioners and decorative vases.

D. Extended Crevice Tool. This extra long crevice nozzle cleans in narrow spaces like behind beds and between car seats.

E. Extended Flexible Crevice Tool. Excellent for reaching around furniture and appliances, this extended flexible crevice nozzle bends easily and cleans efficiently.

F. Mattress Tool. This wide, flat nozzle lets you reach between mattresses and bed frames to clean every last bit of dust and debris.

OPTIONAL ACCESSORIES

COME CLOSER TO A PERFECT CLEAN WITH MIELE ACCESSORIES.

Versatile and extremely easy to interchange, Miele's optional accessories have been thoughtfully engineered to clean a wide range of surfaces. Whether you have classic hardwoods or sealed laminate flooring, textured twist or luxurious cut-pile carpeting, you'll find a cleaning tool that meticulously cares for all floors in your home — as well as your car, boat or RV — while leaving a thoroughly cleaned appearance.

A. Electrobrushes. With adjustable heights and rotating roller brushes, these electronically powered floor tools remove deep-seated dirt from low-, medium- and high-pile carpeting.

B. Turbobrushes. This tool works best on cut-pile and contains a rotating roller brush that is activated by the air that's drawn through the head and works to loosen dirt.

C. Bare Floor Tools. These non-marring floor tools gently clean and care for all stone, tile, hardwoods and other smooth, solid surfaces in your home.

D. Combination Floor Tools. These tools are ideal for all smooth flooring and low-pile carpeting. A convenient foot switch allows for easy transitions between flooring surfaces.

ACCESSORY CASES

TAKE ON ANY UNIQUE CLEANING TASK WITH MIELE ACCESSORY CASES.

From pet cleanup and car care to the most delicate items around your home, Miele's range of specialized accessory cases makes it fast and easy to clean unconventional objects and spaces with your Miele vacuum. With extendable hoses and attachments designed exclusively by Miele, these cases are a convenient way to store and access all the components that help you maximize your cleaning experience.*

A. CarCare Accessory Case. With its flexible crevice tool, compact hand turbobrush, universal brush and suction hose extension, this convenient collection includes everything you need to quickly and thoroughly clean your car's interior — and so much more.

B. HomeCare Accessory Case. For special cleaning tasks around the house, this set of accessories includes a mattress tool, extra-wide upholstery tool, universal brush and a suction hose extension that reaches up to five feet.

C. Cat & Dog Accessory Case. This set of specialized accessories is designed for homes with pets, and features a flexible crevice tool, mini turbobrush, Air Clean Filter and a hygiene cap with active charcoal pellets that help retain odors during storage. Suitable for S8, S5 & S6 canisters.

D. MicroSet. With its micro dusting brush, miniature nozzles and angled extension, the MicroSet is ideal for cleaning computers, artwork and other delicate household objects.

*Not all cases are compatible with all Miele vacuums.

FROM WHOLE BEANS TO PERFECTION. YOUR IN-HOME CAFÉ AWAITS.

Since introducing the world's first built-in whole bean coffee system in 1998, Miele continues to lead the world with the most intuitive, forward-thinking coffee technology today. Should your design plans not allow for space for a built-in coffee system, Miele now offers a variety of whole bean countertop coffee solutions. Versatile enough to satisfy the most inspired barista - the countertop coffee systems create cafe style beverages with the simple touch of the screen, creating a unique coffee experience that will call you back again and again.

**YOUR PERFECT CUP OF COFFEE -
AT YOUR FINGERTIPS.**

Enjoy a variety of café style beverages from Miele's countertop coffee system. With the cappuccinatore, you can prepare hot or steamed milk for cappuccino and lattes in no time. The CM5 series features conveniences such as an adjustable spout to accommodate tall cups and a temperature control setting. A programmable cup size allows you to set the amount of coffee dispensed based on the size of your cup. In addition, the CM5 also features a dual spout that can produce two cups of coffee simultaneously. With Miele's signature durable construction and legendary quality, the CM5 is tested for a 20 year life expectancy – approximately 50,000 cups of coffee.

YOUR CLOTHES THOROUGHLY CLEANED AND THOUGHTFULLY CARED FOR.

Designed to preserve colors and fabrics flawlessly, our laundry care systems ensure that even your most delicate garments look like new after every wash. Not only does our unique HoneyComb™ technology and MasterCare™ programs make washing your clothes as easy and gentle as possible, they also allow you to conserve water and energy, so you're caring for the earth – while caring for your clothes.

Whether you appreciate perfectly pressed clothes – or crisp, wrinkle-free bed linens – Miele's rotary iron is large enough to care for almost any fabric in your home, releasing wrinkles instantly and pressing evenly. The unique ergonomic design invites you to sit comfortably while ironing, and its convenient fold-away frame allows for quick and easy storage in a closet after you're finished.

UNRIVALED DISH CARE TECHNOLOGY. UNCOMPROMISING PERFORMANCE.

From innovative cutlery trays to specialized dish care settings, Miele's award-winning dishwashers ensure your kitchenware is always immaculately cleaned and spotlessly dried. Whether fully integrated into custom cabinetry or pre-finished in Clean Touch Steel™, the revolutionary Futura Series cares for your finest crystal and china with unmatched precision and compromised gentleness.

CARE COLLECTION GET THE MOST OUT OF YOUR MIELE.

Made exclusively for Miele, the Care Collection offers a wide range of products to help you not only care for your laundry and dishware, but also for your Miele appliances. Each product has been designed specifically to work in harmony with your Miele appliances. That means from softer pillowcases to sparkling glassware, you can be confident that you will get superior results each and every time.

MIELE MAKES A STATEMENT ON GOOD TASTE, ESPECIALLY IN THE KITCHEN.

The same uncompromising quality you find in our laundry and floor care solutions you'll also find in our full suite of classic, state-of-the-art kitchen appliances. From intelligent refrigerators to customized cooktops, stunning ventilation hoods to innovative ovens, our functionally superior and incredibly durable kitchen appliances complement your passions for cooking and beautiful kitchen design.

LIVE BETTER WITH MIELE.

Classic design. Legendary quality. Advanced filtration. And superior performance. These characteristics have made the Miele name synonymous with excellence — and the ultimate choice in floor care today. To view our complete collection of home appliances — including our award-winning vacuum cleaners — please visit mieleusa.com or a Miele Center near you.

J.D. POWER AND ASSOCIATES RANKED MIELE

“Highest in Customer Satisfaction
with Upright and Canister Vacuums”

Miele received the highest numerical score for canister vacuums in the proprietary J.D. Power and Associates 2013 Vacuum Satisfaction Study(SM). Study based on 5,182 total responses measuring 10 brands and measures opinions of consumers who purchased canister vacuums during the previous 12 months. Proprietary study results are based on experiences and perceptions of consumers surveyed in February 2013. Your experiences may vary. Visit jdpower.com.
