Weight - net	13 lbs with iron
Shipping dimensions	11.5" x 15" x 12"
Shipping weight	16 lbs with iron
Warranty	RELIABLE™ 1 Year Warranty

DESCRIPTION

The i300 is a revolutionary new steam boiler system, that delivers for the first time "true professional quality" pressurized steam, in a compact and economical package.

The i300 has been designed from the ground up to deliver superior quality dry steam, and provide the best possible user experience.

RELIABLE™ understands that the quality of a boiler-iron is only as good (no matter how nice it looks) as what is inside it. This is why we use the best components available including 12-gauge wiring throughout and an all stainless steel steam tank to eliminate the chance of rust.

BEST USED FOR

All types of ladies, men's and children's clothing
Drapery and home furnishings
