SAVE THESE INSTRUCTIONS

1. Take out the stand from the package. Your stand is designed to be used with the INSPIRE series of steam press. Place the basket and basket shelf aside. Support bracket 1 on one hand with the other hand holding the tray. Rotate the tray clockwise (Figure 1). When rotating to a certain angle, insert two inserts of bracket 1 into the slots on the tray. Two rows of slots represent two heights of the stand. The further outside the lower the height (Figure 2).
