

WHEN TECHNOLOGY MEANS SIMPLICITY

“Sensteam” technology captures the movements that you make with the iron and automatically activates the steam. There’s no need to press a button; your movements alone are enough to trigger it.

Pulsed steam is diffused in a series of pulses. It is optimally dosed for perfect results whatever the colour or material of your clothes.

The 3D active soleplate straightens the fabric while the steam is perfectly distributed across its entire surface to effortlessly eliminate creases and refresh fibres deep down. Unrivalled ironing quality in a single movement! This technology is patented by Laurastar.

The four-speed vacuum and blower system inflates the board with air to straighten fabrics and prevent unwanted creases, or holds the clothes firmly on the board for flawless folds.

Laurastar’s exclusive professional iron diffuses an ultra-fine and powerful steam that adapts to all fabrics and enables vertical steaming. Its rounded shape helps to prevent unwanted creases.

The thermostat’s perfect temperature has been studied and programmed to give perfect results on all fabrics. There’s no longer any need to adjust the temperature.

HYGIENIC STEAM

KILLS 99.9% OF VIRUSES, BACTERIA AND DUST MITES

Purifies textiles with Laurastar’s unique steam, which eliminates viruses, mites and bacteria resistant to washes between 30° C and 40° C*.

* Results scientifically proven by independent laboratories

LAURASTAR SMART 1980

SWISS ENGINEERING | DESIGN

FEATURES

Powerful and practical, the all-in-one Laurastar Smart 1980 ironing system does not only look beautiful but is also equipped with the latest LAURASTAR technology that allows for perfect ironing and pressing in half the time. In addition, the active board and ergonomic design help make your sewing more precise while making it more beautiful.

ACCESSORIES

Anti-scale filter

Storage cover

Universalcover Since 1980

Protective soleplate with hanging hook

Steam cord holder

APP AVAILABLE ON

TECHNICAL SPECIFICATIONS

Steam pressure: constant pressure, 3.5 bars

Fan power: 4 speeds, 7.2 W

Board height: 6 levels, 83-104 cm / 32.7-40.9 in

Water tank capacity: approx. 1.2 L / 40.6 oz.

Dimensions (H x W x L):
132 x 42.4 x 21.8 cm / 52 x 16.5 x 8.3 in

Appliance power: 2200 W

Total weight: 19 kg / 44.09 lbs

Weight of iron: 1.1 kg / 2.2 lbs

Guarantee: 2 years
