

PE-DESIGN11 and ScanNCut are connected! See how it's done wirelessly!

(It requires WLAN on your ScanNCut machine)

1. Create CanvasWorkspace account Visit following link to create free account.

https://canvasworkspace.brother.com

And then register your ScanNCut machine with the account. *Internet connection is necessary.

3. Selecting a pattern

For example, select the [Text] tool, and then type in "Smile".
