

Elnapress Sell Sheet

The Elnapress will cut your ironing time in half and take the drudgery out of ironing. Now, choose from a wide variety of models, so you can get the precise Elnapress for your ironing needs!

- Time-Saving – Ironing surface is 10 times larger, so you get twice as much done!
- You can press up to 8 layers at once!
- Less Effort – Elnapress can be used while seated comfortably and applies 100lbs of pressure, compared to 20lbs of regular irons.
- Professional Results – less wear and tear on fabrics and no shiny effects.
- Great Value – Excellent price for Swiss designed, full size, high quality press.
- Safe – Electronic safety power cut shuts off after 10 seconds in closed position – no scorched laundry!
- Vap-o-Jet Spray System – Dampen your laundry while pressing; the heat of the shoe creates steam. An Elna Exclusive. (Opal and EP520)
- Built-in Light – Illuminates the ironing board. (Opal and EP520)
- Quality Materials – Board is made of 11 layers of Finnish Birch wood to absorb excess humidity.
- Touch Screen LED – Easily select temperature level. Choose from delicate silk to nylon, wool and cotton. (Opal and EP520)
